

GUIDELINES FOR ORDERING OF RADMASTE MICROSCIENCE EQUIPMENT

1. The order forms on this page have been compiled using the recommendations set out in the RADMASTE Microscience Catalogue. They have been designed to be comprehensive. Each order form is for a different level of school education, and there is also a separate order form for Life Sciences. For convenience, we have provided both Excel and PDF versions of each form for you to download.
2. Recommended quantities of items for one class are shown on each order form. These can also be used across grades. You may choose to order the recommended items and quantities as shown, but we realise that each school and classroom has its own needs. You should therefore use your own discretion when deciding what to order and the quantities you would like to purchase. Simply fill in the numbers that you require in the final column on each form.
3. Once you have completed the order form/s relevant to you, send your order via email or fax to our trusted supply partner, Somerset Educational (Pty) Ltd.

SOMERSET EDUCATIONAL CONTACT DETAILS:

Phone: +27 (0)42 243 2030

Fax: +27 (0)42 243 2746

Email: info@ssed.co.za
